Outreach Services & Benefits

Our outreach program has two main areas:

- 1) Outreach to local communities and special events. Our community outreach program involves Service Officers and Outreach Representatives on a consistent schedule travelling across the state to assist Veterans and their dependents with filing VA claims. Because the claims process can be so intimidating and because not everyone can get to a service officer in Salt Lake, we send them to you.
- 2) Our special events outreach consists of Benefit and Information Fairs, workshops and a variety of other events that are ways of bringing the many available services and resources to communities throughout the state.
