Inmate's Death Investigated as Possible Homicide at the Central Utah Correctional Facility

DRAPER – An inmate was found unresponsive in his cell at the Henry Facility at the Central Utah Correctional Facility in Gunnison Monday morning. Following a medical evaluation, the inmate was pronounced dead shortly thereafter. The death is being investigated as a possible homicide.

Attempts to notify the victim's family have been made. The incident is being investigated by the Utah State Bureau of Investigation.

The Henry Facility will remain on lockdown until further notice.

More information will be released in the coming days.
