

# How to Access Attorney Visits

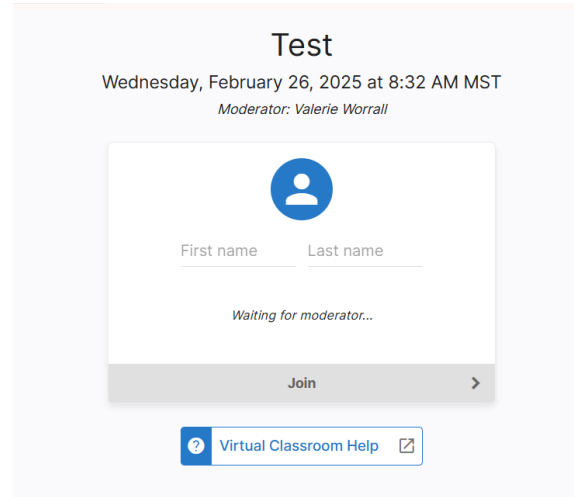

Once you have scheduled the attorney visit using the system already in place with the Utah Department of Corrections, you will receive an email containing a link.

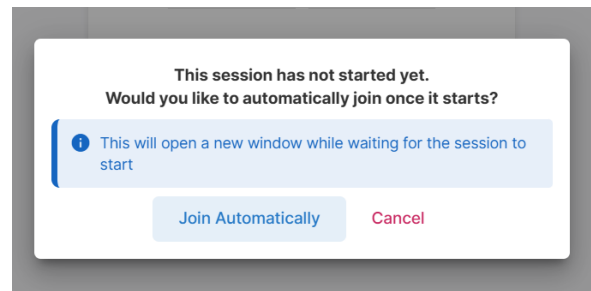

The link will look similar to this: <https://bongo-na.youseeu.com/sync-activity/invite/2716705/0fc7f5f4946741b64741ef4f1e6d64c9?liti-scope=d2l-resource-syncmeeting-list>

Clicking on the link will open a new browser window. You will be prompted to enter your first and last name.

Once you have entered your first and last name, the blue **JOIN** button will light up. If you are early to the attorney visit the following prompt will appear.

If you would like the system to log you in automatically once the meeting has started, please click **Join Automatically** and it will automatically log you in when the meeting starts.

If you choose to not have the system log you in automatically, then wait until you see the moderator in the meeting and then select **Join**.
